1 Step One: March-April

Your lawn is just coming out of winter dormancy. Get started right with our 13-0-5 lawn food.

Crabgrass Preventer *plus* Lawn Food | 13-0-5 w/ Dimension®

- contains Dimension® pre-emerge herbicide
- one application gives great control of the ugly crabgrass you don't want
- promotes deep green growth
- each 50 lb. bag treats 6,250—12,500 sq. ft.

2 Step Two: May-June

Continue to feed your lawn while killing those early summer weeds!

— OPTION #1 —

Bounty Weed & Feed | 24-3-3 W&F

- dry granular product
- 24-3-3 analysis containing broadleaf post-emerge herbicide
- one application kills dandelions and many other broadleaf weeds
- feeds lawn with fast acting and long lasting nutrients
- each 40 lb. bag treats 10,000 sq. ft.

— OPTION #2 —

Bounty Fertilizer | 24-3-3

- dry granular product
- feeds lawn with fast acting and long lasting nutrients
- each 50 lb. bag treats 8,000 sq. ft.

plus

Liquid Weed Killer | Triplet®

- one application kills unwanted weeds
- each 1 gallon jug treats two acres

3 Step Three: June-July

While continuing to nourish your lawn, Step Three is important to help retain that rich green color.

Bounty Fertilizer | 24-3-3

- dry granular product
- 25% slow release Nitrogen
- with 2.5% iron
- each 50 lb. bag treats 8,000 sq. ft.

4 Step Four: September-October

Consider this your lawn's "midnight snack." Either our 15-2-15 or our 15-30-15 blend will prepare your lawn for the long, winter dormancy.

Bounty Fertilizer | 15-2-15 or 15-30-15

- formulated for lawns in Central Ohio
- builds deep green fall lawn
- promotes healthy roots for winter
- each 50 lb. bag treats 8,000—10,000 sq. ft.

We also carry a full line of products designed to address all of your lawn care needs, including lawn fertilizers, chemicals, & grass seeds!

Bounty All-Purpose Fertilizer | 12-12-12

- promotes root growth
- excellent for trees and shrubs
- 50 lb. bag treats 8,000—12,500 sq. ft.

Pelletized Lime | 0-0-0

- great for raising the pH level
- excellent for pre-seeding of new lawns
- 50 lb. bag treats 2,500—5,000 sq. ft.
